LECTURE ON METHODOLOGIES OF EFFECTIVE RESEARCH

ANAND VISHWA GURUKUL COLLEGE OF LAW organized a lecture on **METHODOLOGIES OF EFFECTIVE RESEARCH** for our master's course student's and **OUR PROFESSOR DR. SUSHAMA SATPUTE** on **20th May 2022** & discussed with student's about how they can write a good research paper.

Research is an extremely useful skill to learn. When we know how to do research, it's much easier to improve your life and work more effectively. Instead of having to ask someone every time we have a question, research will help us solve problems by ourselves (and help others in turn).

The student's doubts about different types of research & how to make effective presentation were cleared in this session.

Speaker explained the research process steps:

1. How to find a topic
2. How to Refine a topic
3. Find key sources
4. Taking notes on sources
5. Creating paper or presentation
6. Doing additional research as necessary
7. Citing the sources.

LECTURE ON TIME MANAGEMENT DURING EXAM TIME

PROFESSOR KRISHNA AHIRAO IYER CONDUCTING LECTURE ON TIME MANAGEMENT DURING EXAM TIME

ANAND VISHWA GURUKUL COLLEGE OF LAW conducted lecture on **TIME ANAGEMENT DURING EXAM TIME** for our college student's and our **PROFESSOR KRISHNA AHIRAO IYER** on **22nd April 2022** discussed with student's about how they can manage time effectively during exam time.

It is a common opinion among students during exams that there is too much to study and there is very little time. This makes time management one of the most important components which directly influence exam stress. Many students misuse the time available during exams, either to avoid studying or by underestimating the effort and time needed in tackling exams. Planning time helps students think about it strategically and, even if they have to alter their study plans, they will benefit more from having previously defined your tasks and activities.

Often, students overestimate or underestimate the amount of time that any given task may take. It is a good idea to consider how much time they take for particular tasks. To begin with, many students like to keep a diary for a week and note down an hourly description of how they have spent that day while others are last moment planner which affects their performance in exams.

LECTURE ON EFFECTIVE COMMUNICATION SKILLS

PRINCIPAL SUYASH PRADHAN CONDUCTING LECTURE ON HOW TO DO EFFECTIVE COMMUNICATION

Anand Vishwa Gurukul College of law conducted lecture on “**LECTURE ON EFFECTIVE COMMUNICATION**” by Principal Suyash Pradhan Sir on 20th January 2020 to give lecture on How to do effective communication.

Effective communication is about more than just exchanging information. It's about understanding the emotion and intentions behind the information. As well as being able to clearly convey a message, we need to also listen in a way that gains the full meaning of what's being said and makes the other person feel heard and understood.

Effective communication sounds like it should be instinctive. But all too often, when we try to communicate with others something goes astray. We say one thing, the other person hears something else, and misunderstandings, frustration, and conflicts ensue. This can cause problems in your home, school, and work relationships.

Under this programme, we made student's realize that trying to improve communication with spouse, kids, boss, or coworkers, can deepen their connections to others, build greater trust and respect, and improve teamwork, problem solving, and overall social and emotional health.

LECTURE ON IMPORTANCE OF COMMUNICATION IN LEGAL FIELD

Anand Vishwa Gurukul College of law conducted lecture on **IMPORTANCE OF COMMUNICATION IN LEGAL FIELD** by **PROFESSOR SUSHAMA SATPUTE** on **25th September 2018** to give lecture on Importance of communication in legal field.

Communication is an art rather than a science, and effective communication skills are essential to law practitioners. Writing letters of advice and emails, attending meetings, representing clients in court or briefing barristers – the list goes on. However, effective communication with clients isn't something that most lawyers give much thought. And this trend starts in law school, where the focus tends to be on substantive law and legal theory. However, for many lawyers, adequate communication skills do not come naturally and must be learned.

Since so much of a lawyer's day is spent communicating, lawyers can't afford to be poor communicators. This means lawyers must understand how to effectively convey a message while ensuring the recipient understands the intention and the purpose behind the message.

UNDER THIS PROGRAMME WE TRIED PROVIDING KNOWLEDGE TO STUDENTS ON-:

1. How good communication Helps Lawyer Save Time and Money.
2. How to Develop Better Relationships with the Client.
3. How to Improve Communication Skills as a Lawyer.

Altogether, it was a knowledgeable session for student's as they learned importance of communication in legal field.

Lecture on Elements of Advocacy

On 5th August, 2019 a special Lecture was Conducted in Anand Vishwa Gurukul College of Law by Pragati Suryawanshi for introducing student's with **VARIOUS ELEMENTS OF ADVOCACY**.

Most people, while talking about advocacy skills, conjure up an image of a legal professional, presenting the case of his/her client in the court of law. This is primarily due to the fact that people consider advocacy to be the cross-examination of a criminal or a client by an advocate. However, the term advocacy holds a deeper meaning as it encircles apt actions taken by individuals in order to solve a problem, catering to legislative rights and interests alongside.

Through this lecture we provided student's with knowledge about -:

- Types Of Advocacy
- Key Advocacy Skills And The Best Ways To Develop Them
- Clearly Defining The Problem

WORKSHOP ON HOW TO USE LAW FINDER APP

LIBRARIAN UJWALLA MORE TEACHING STUDENTS HOW TO USE LAW FINDER SOFTWARE

On 4th May 2022, Anand Vishwa Gurukul College of law organized a workshop for students on how to use Law finder software for doing research.

Law Finder intelligently incorporates advanced search functions like "Boolean search", "search operators" or "query operators" so that the user does not need to learn any technical jargon. The library edition of the data base initially contained cases from law journals published by Chawla Publications, but later on the judgements from all over India were added along with parallel citations.

Today Law Finder is the biggest database for law teachers and students with headnotes and is also the most contemporary with majority of cases decided post 2000. Law Finder works like an electronic Law Reporter and updates every month with the latest and old cases.

TRAINING PROGRAMME ON HOW TO USE ONLINE PLATFORM FOR TEACHING

On 1st June 2020 Anand Vishwa Gurukul College of Law Conducted training workshop for staff to help them understand how they can use online platform for teaching so that pandemic does not become a barrier to spread of education & knowledge.

Online teaching plays a key role in the education system in India but it became more popular during Covid 19 pandemic because after March 2020, schools and colleges had been shut down. Online teaching also became an important means of education during the pandemic. Online teaching took place easily and students and teachers didn't need to present together at a particular place.

But unfortunately it was altogether a new experience for all the teacher's where they haven't majorly used such a platform for teaching but as looking into the demand of an hour it was must for all the teachers to learn how to use platform like google meet, zoom etc to make effective teaching even in times of pandemic.

To overcome this issue we conducted a training workshop for our staff on how they can efficiently use this pandemic situation to learn a new style of teaching.
