TRAINING PROGRAMME ON HOW TO USE ONLINE PLATFORM FOR TEACHING

On 1st June 2020 Anand Vishwa Gurukul College of Law Conducted training workshop for staff to help them understand how they can use online platform for teaching so that pandemic does not become a barrier to spread of education & knowledge.

Online teaching plays a key role in the education system in India but it became more popular during Covid 19 pandemic because after March 2020, schools and colleges had been shut down. Online teaching also became an important means of education during the pandemic. Online teaching took place easily and students and teachers didn't need to present together at a particular place.

But unfortunately it was altogether a new experience for all the teacher's where they haven't majorly used such a platform for teaching but as looking into the demand of an hour it was must for all the teachers to learn how to use platform like google meet, zoom etc to make effective teaching even in times of pandemic.

To overcome this issue we conducted a training workshop for our staff on how they can efficiently use this pandemic situation to learn a new style of teaching.
