Integrating Vernacular Medium Students

At Anand Vishwa Gurukul of Law, we understand that our students come from diverse backgrounds and often have issues about communication. In order to bridge the communication gap, we undertake the following measures.

Medium of instruction

Though the medium of instruction is English, the lectures are conducted majorly in Hindi and Marathi in order to help the students belonging to vernacular background to understand the concepts more easily. Wherever required the faculties conduct extra lectures in Hindi and Marathi to ensure that the students have understood everything properly.

We also conduct activities like quiz competitions and class tests specially made in simple English so that such students gain more confidence while using English language.

Course on Communication Skills

Communication and Writing Skills is a part of the curriculum for LLB course in subjects such as English and Legal Writing and these exams are compulsorily to be attempted in English as per the University norms. Special attention is paid to students from non-English medium of instruction.

Mentoring sessions

Students from diverse linguistic backgrounds often lack confidence due to the language barrier and are susceptible to insecurity and low self-esteem. The mentoring sessions increase their self-esteem by offering support, positive reinforcement, and direction. It gives them a sense of belonging and makes them feel supported in their educational journey.
