## Information about Library

**I/C PRINCIPAL**

**ANAND VISHWA GURUKUL SR (NIGHT) COLLEGE, THANE**

## E-Granthalaya

### A Digital Agenda for Library Automation and Networking

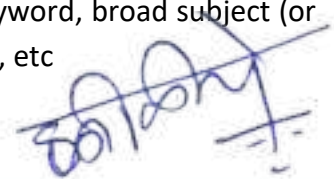

E-granthalaya, library management software, is a complete solution for library automation. It has been developed by the Library and Information Services Division, National Informatics Centre (NIC), Department of Information Technology, Ministry of Communications & Information Technology, Government of India, New Delhi. The software runs on windows platform in client/server mode. The infrastructure requirements (hardware, operating system, database management software, internet connectivity, etc.) for using the software are specific. E-Granthalaya 3.0 uses MS SQL Server (any edition) as backend database software and VB.NET/ASP.NET 2.0 as frontend solution. Express edition of SQL Server is provided free along with e-Granthalaya software.

The software is made available free of charge to libraries under e-governance initiative of the Government of India. However, the recipient library has to pay the charges for installation of the software, training of staff and post-installation technical support and service.

E-Granthalaya is complete and integrated bibliographic software. It is user friendly. It covers the following modules:

- (1) **Administration:** Enables to enter default values, user authentication data and information used by other modules.
- (2) **Book Acquisition:** Helps you to carry out acquisition functions (ordering, receipt, reminders, accessioning, bill processing, etc.) in a library.
- (3) **Cataloguing:** Useful for cataloguing books, reports, manuals, etc. in a library. It is possible to indicate the following about a document:
  - ❖ Language (Hindi, English, Marathi, Kannada, etc.)
  - ❖ Physical Format (Print, CD-ROM, Floppy, etc.)
  - ❖ Multiple Volume, Single Copy, Multiple Copies
  - ❖ Acquisition Mode (Purchased, Gratis, Exchange, Subscribed)
  - ❖ Binding Type (Hardcover, Paperback, etc.)
  - ❖ Accompanying Material (CD, Floppy, Chart supplied along with a book)
  - ❖ Section (General, Reference, Textbook, Book Bank)
  - ❖ Location (Rack/Shelf No., Cupboard No.)

- (4) The software can be used to carry out stock verification of documents held by a library. Also, the software supports bar code system. Further you can import/Export book and member data in software database from Excel sheet and vice Versa.
- (5) **Circulation:** Automates all the functions related to issues, returns, reservation, reminders, etc. of documents in a library. Special features:
  - ❖ Documents issued, renewed, reserved and returned on a particular date or within a specified period.
  - ❖ Calculation of Fine & Printing Receipts for Fine, Damaged/Lost Books.
  - ❖ Deposit, Membership Renewal; and related Statement Reports
  - ❖ Most Used Books – Generates a list of frequently borrowed books indicating how many times each book was borrowed
  - ❖ Top Users – Displays a list of users indicating how many documents were borrowed by each user
  - ❖ Generation of member card with photo and bar code
  - ❖ Generating reports using various combinations
  - ❖ Supports use of smart card, bar code, email, RFID & SMS
- (6) **Serials:** Manages the functions related to journal subscriptions, receiving, reminders, bill processing, etc.
- (7) **Articles Indexing:** Very useful for indexing special issues and articles in journals, conference proceedings; book chapters, etc. it is possible to upload and view full text of articles.
- (8) **Budget:** Useful for allocating & monitoring funds to different courses/projects, maintaining invoice & payment details, budget control & analysis, generating management reports such as Budget Summary (Amount Allocated, Amount Spent & Amount Left under various heads) and Bill Register.
- (9) Search module includes simple and advance search, authority based search, View Index, Catalogue Queries, Search by Holdings, Acquisition Queries, View Approval/Order Details, Vendor Queries, Invoice Queries, Current Awareness, and SDI (Selective Dissemination of Information). Search can be performed by specifying any word in a title, author, editor, translator, publisher, keyword, broad subject (or course), classification number, language, accession number, etc

- (10) Further the librarian can manage newspaper clippings information using this software. Also institute and other publications (project reports, question papers, syllabus, theses, seminar papers, etc.) can be digitized, catalogued, indexed; and the user can retrieve information and see the full text of such documents. It is possible to integrate e-books in e-Granthalaya software database.
- (11) **Z39.50 Protocol:** In the case where internet connectivity is available, it is possible to upload or import catalogue records from the Library of Congress and other libraries so that there is no need to enter bibliographic details manually in the database. This feature is known as copy cataloguing in library parlance.
- (12) **Multilingual (Unicode) Facility:** Apart from books in English language, it is possible to enter information about books written in Indian regional languages such as Marathi, Hindi, Gujarati, Kannada, etc. The software is Unicode compliant.
- (13) **OPAC (Online Public Access Catalogue):** Provides access to complete backend database for searching which includes options from a simple search to an advance search. It is especially useful for faculty and students. OPAC gives access to books, journals, etc. to make your library's database available on the LAN or intranet. 9 Library Automation Software E- Granthalaya Interface for Log-in E- Granthalaya Software.

**LIBRARY SECTIONS:**

- (1) Circulation Section
- (2) Newspaper reading section
- (3) OPAC section
- (4) New Arrivals
- (5) Reference Section
- (6) Reading Hall

**LIBRARY SERVICES:**

- (1) **Library Orientation:** User orientation is an important and regular activity of the library to educate the user about the various resources and services of the library. Orientation program is organized every year for new students. Various motivational sessions are also organized for the students to inculcate the habit of reading amongst the students.

- (2) **Circulation:** Members may check out books or journals during working hours and should sign out the items at the library counter. Students can take one book at a time for 7 days against their library card. Teachers can take books till the term end.
- (3) **Reference Services:** The library maintains a separate reference section however keeping in view the necessity of the teaching faculty various research Thesis is also issued for short period of time. Important encyclopedias, handbooks, dictionaries, Manroma year books and other books are also available for students and faculties through our library. In association with Thane Janta Sahkari Bank (TJSB) and Kusumagraj Pratisthan, students are also provided with a set of 100 books of literature importance every year.
- (4) **Safety Measures:** Library is under CCTV surveillance long with a full time support staff at premises to look after the library.
- (5) **OPAC:** There is one pc in the library with OPAC facilities for searching and locating Books.

**LIBRARY RULES AND REGULATIONS:****(For Students and Staff Members)****A. AT THE ENTRANCE:**

Coats, jackets, handbags, backpacks and foot wear should be left at the storage facility provided at the entrance of the library.

**B. INSIDE THE LIBRARY:**

- (1) Silence must be strictly observed at the library premises.

ACADEMIC YEAR: 2021-22

### Activity: Lecture on Intellectual Property Rights

#### Objectives:

Intellectual property rights can help you generate business through the licensing, sale and even commercialization of the products and services protected under IPRs. This will ultimately improve the market share and helps in raising profits. Having registered and protected intellectual property rights can also raise the business' value in case of sale, merger or acquisition.

#### Report:

Advocate Sanket Gaikwad sir was invited to the college to guide the students. Sir guided the students thoroughly how important IPR is in today's modern world and how IPR is used to run a business.

**Total number of beneficiaries:**

46

**Output:**

Without the protection of ideas, businesses and individuals would not reap the full benefits of their inventions and would focus less on research and development. Similarly, anyone can steal artists' ideas hampering their valuation and cultural identification. IP laws help innovative technologies prosper and successfully reach masses by protecting their ownership. No doubt, intellectual property (IP) Rights are indispensable and all countries must have poignant laws for protecting them.

**Total number of beneficiaries:**

68

**Output:**

The biggest significance of entrepreneurship lies in the fact that it helps in identifying and developing managerial capabilities of entrepreneurs. An entrepreneur studies a problem, identifies its alternatives, compares the alternatives in terms of cost and benefits implications, and finally chooses the best alternative.
