E-Granthalaya

A Digital Agenda for Library Automation and Networking

E-granthalaya, library management software, is a complete solution for library automation. It has been developed by the Library and Information Services Division, National Informatics Centre (NIC), Department of Information Technology, Ministry of Communications & Information Technology, Government of India, New Delhi. The software runs on windows platform in client/server mode. The infrastructure requirements (hardware, operating system, database management software, internet connectivity, etc.) for using the software are specific. E-Granthalaya 3.0 uses MS SQL Server (any edition) as backend database software and VB.NET/ASP.NET 2.0 as frontend solution. Express edition of SQL Server is provided free along with e-Granthalaya software.

The software is made available free of charge to libraries under e-governance initiative of the Government of India. However, the recipient library has to pay the charges for installation of the software, training of staff and post-installation technical support and service.

E-Granthalaya is complete and integrated bibliographic software. It is user friendly. It covers the following modules:

- (1) **Administration:** Enables to enter default values, user authentication data and information used by other modules.
- (2) **Book Acquisition:** Helps you to carry out acquisition functions (ordering, receipt, reminders, accessioning, bill processing, etc.) in a library.
- (3) **Cataloguing:** Useful for cataloguing books, reports, manuals, etc. in a library. It is possible to indicate the following about a document:
 - Language (Hindi, English, Marathi, Kannada, etc.)
 - Physical Format (Print, CD-ROM, Floppy, etc.)
 - Multiple Volume, Single Copy, Multiple Copies
 - Acquisition Mode (Purchased, Gratis, Exchange, Subscribed)
 - Binding Type (Hardcover, Paperback, etc.)
 - Accompanying Material (CD, Floppy, Chart supplied along with a book)
 - Section (General, Reference, Textbook, Book Bank)
 - Location (Rack/Shelf No., Cupboard No.)

- (10) Further the librarian can manage newspaper clippings information using this software. Also institute and other publications (project reports, question papers, syllabus, theses, seminar papers, etc.) can be digitized, catalogued, indexed; and the user can retrieve information and see the full text of such documents. It is possible to integrate e-books in e-Granthalaya software database.
- (11) **Z39.50 Protocol:** In the case where internet connectivity is available, it is possible to upload or import catalogue records from the Library of Congress and other libraries so that there is no need to enter bibliographic details manually in the database. This feature is known as copy cataloguing in library parlance.
- (12) Multilingual (Unicode) Facility: Apart from books in English language, it is possible to enter information about books written in Indian regional languages such as Marathi, Hindi, Gujarati, Kannada, etc. The software is Unicode compliant.
- (13) OPAC (Online Public Access Catalogue): Provides access to complete backend database for searching which includes options from a simple search to an advance search. It is especially useful for faculty and students. OPAC gives access to books, journals, etc. to make your library's database available on the LAN or intranet. 9 Library Automation Software E- Granthalaya Interface for Log-in E- Granthalaya Software.

LIST OF BOOKS RECEIVED FROM KUSUMAGRAJ FOUNDATION UNDER THE SCHEME OF 'GRANTH PETI GHARO GHARI'

Kusumagraj Pratishthan:

In order to create interest among students for reading and love for the local language, Kusumagrak Pratishthan provides a set of 100 books in Marathi language to the College for a period of 3 months. These books are made available to the students and staff members for reading. On completion of three months the complete set of 100 books is replaced by another set of 100 books. This chain is continuing since the year 2015-16.
