## **ABOUT THE COLLEGE**

*The Gurukul system in India was an ancient educational system, where students lived with a guru (teacher) in an informal setting to receive personalized education. This system emphasized holistic learning, including not only academic knowledge, but also values, life skills, and cultural education.*

*The Concept of Anand Vishwa Gurukul Senior Night College is based on the ancient Indian Education system founded on Gurukul System.*

Sharda Education Society's Anand Vishwa Gurukul Senior Night College was established in the year 2014 to promote the noble cause of spreading higher education among the working youth of Thane city and its surrounding areas. Anand Vishwa Gurukul Senior Night College is the first night degree college in Thane city to provide professional development courses like BBI, B.Sc. (IT), BAF and BMS for the working students. The College functions on the objective of "Earn & Learn" and works as a platform for specially those who want to complete their education along with their employment. Anand Vishwa Gurukul Senior Night College aims at providing all round development of the students through innovative teaching and effective activities. The college operates under the aegis of the Sharda Education Society.

The Society started its academic services by establishing a primary school, which subsequently led to the establishment of a Junior college. To cater to the higher education needs of the locals, the Trust took a bold step to establish a Night Degree College, which was later extended to the establishment of a Law College. This gradual progression in last two decades is in perfect tune with the vision and mission of the institution.

The college was established in the year 2014 by a team of educationists with
